Who Is the Creditor for Your (Anti)Social Credit? Check!

Sounds like when gun confiscation is called a "buyback"! Those in power are taking something from you that they have never given you... Is it your life or "only" your humanity? That is your choice.

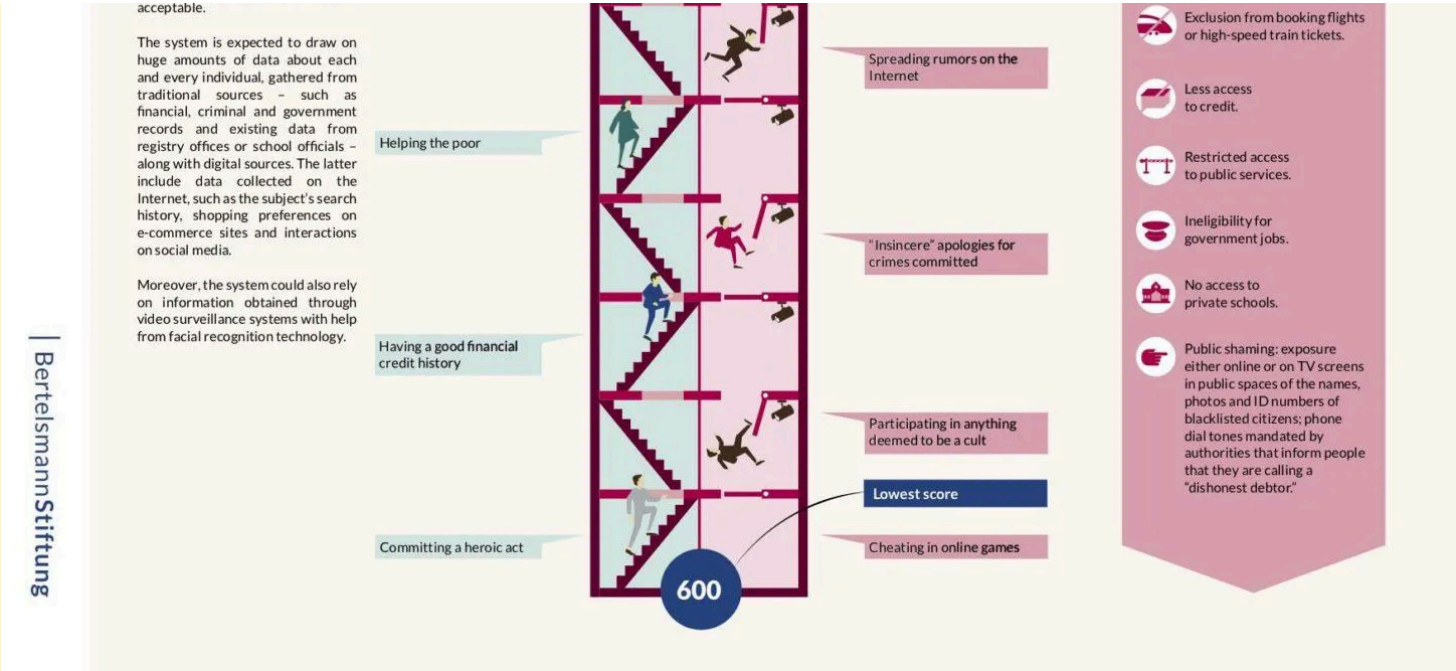
CHINA'S SOCIAL CREDIT SYSTEM
It's been dubbed the most ambitious experiment in digital social control ever undertaken. The Chinese government plans to launch its Social Credit System nationally by 2020.
TEXT: BERNHARD BARTSCH, MARTIN GOTTSKE; INFOGRAPHICS: CHRISTIAN EISENBERG / INFOGRAPHICS GROUP; SOURCE: MERICS, THE GUARDIAN, WIRED, DEUTSCHE WELLE
WHAT'S THE AIM?
The system intends to monitor, rate and regulate the financial, social, moral and, possibly, political behavior of China's citizens – and also the country's companies – via a system of punishments and rewards. The stated aim is to "provide the trustworthy with benefits and discipline the untrustworthy."
The Chinese government considers the system an important tool to steer China's economy and to govern society. There is still much speculation about how the final system will actually function. Details in this chart are based on pilot schemes and plausible expert expectations.
HOW DOES IT WORK?
Each citizen is expected to be given a social credit score that will increase or decrease depending on whether the subject's social behavior is
1,300
A maximum of 1,300 points can be reached.
Gaining points (Examples)
Losing points (Examples)
REWARDS AND PUNISHMENTS
Citizens with high scores get to enjoy special "privileges" while those with low scores ultimately risk getting treated as second-class citizens.
Engaging in charity work
Traffic offenses, such as drunk driving or jaywalking
"Illegally" protesting against the authorities
Taking care of elderly family members
Not visiting aging parents regularly
Positively influencing one's neighborhood
Starting with 1,000 points
1,000
Donating blood
Posting anti-government messages on social media
Praising the government on social media
HIGH SCORES CAN LEAD TO
Priority for school admissions and employment.
Easier access to cash loans and consumer credit.
Deposit-free bicycle and car hire.
Free gym facilities.
Cheaper public transport.
Shorter wait times in hospitals.
Fast-track promotion at work.
Jumping the queue for public housing.
Tax breaks.
PUNISHMENTS CAN LEAD TO
Denial of licenses, permits and access to some social services.

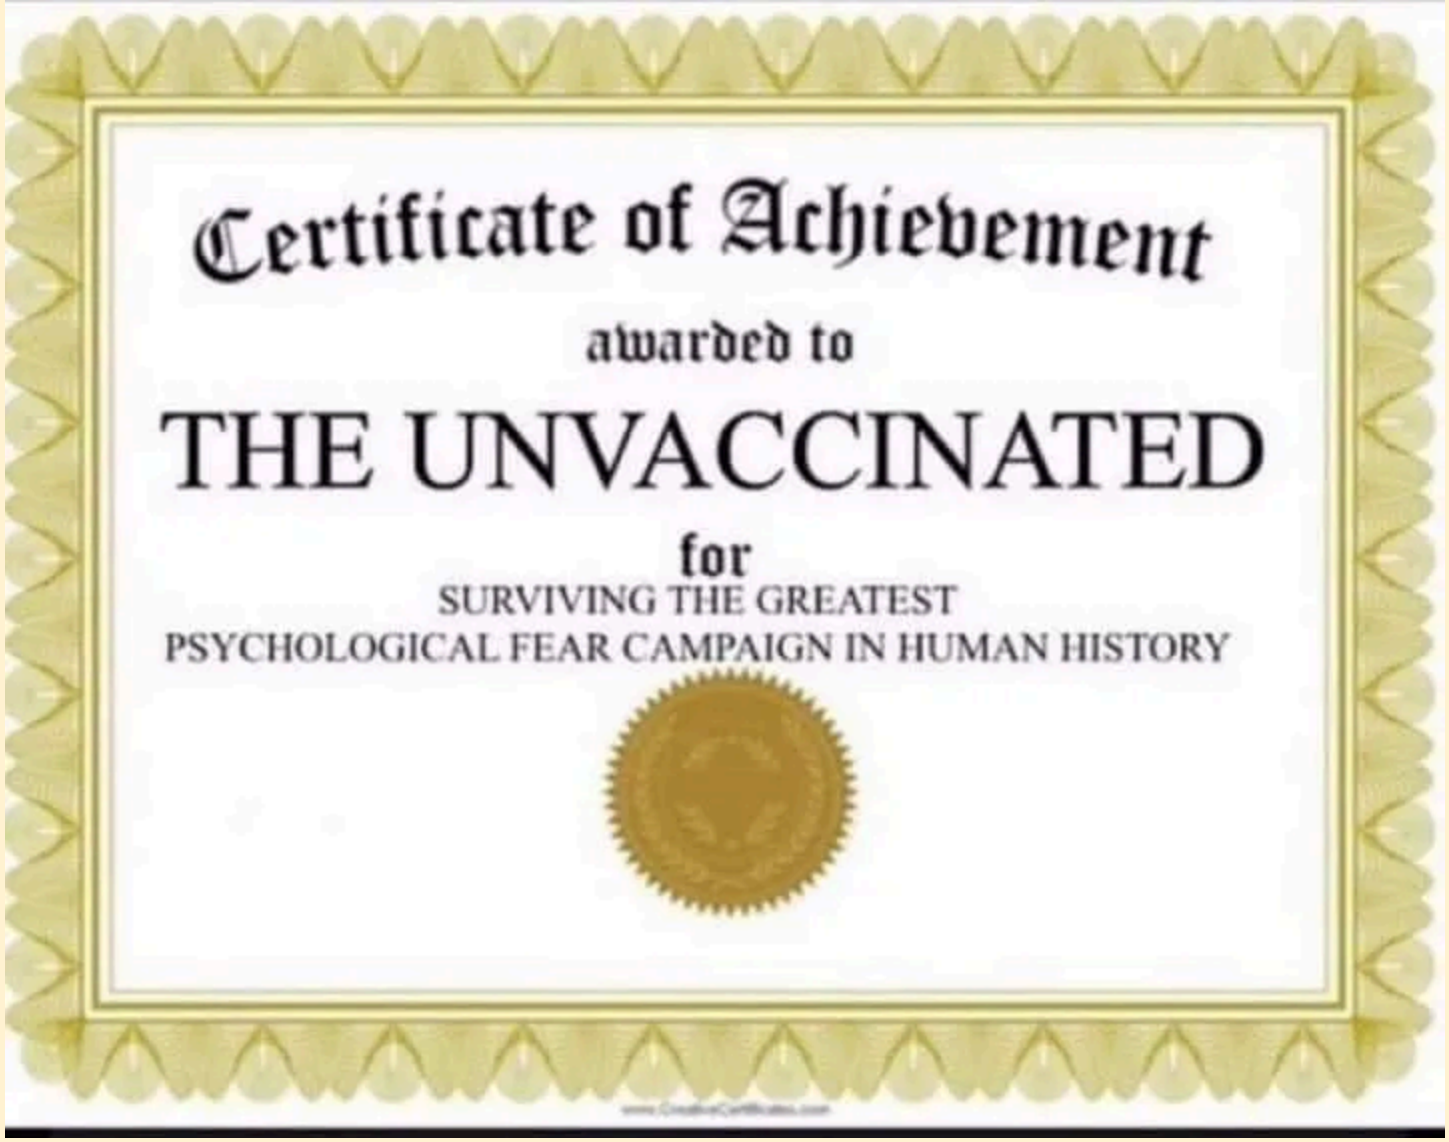


China is showing the way! For the time being, this looks like you might have a chance! The only part that is true of this project is that people are fully exposed and submissive enough to be completely defenseless. All those computer games with several levels and collectable points must have prepared the compliant for this!

By now, it's quite clear that "Social Credit" will be only the tip of the iceberg.

The whole system will encompass four interconnected elements:

1. A Health Card (a euphemism for "vaccine certificate"); it will probably replace your Social Security Card, but it will be more important, either way;



This is not going to be accepted. Moreover, did you try walking into stores during convid? Only a few people dared to do it. My wife and I were relatively safe in rural Kentucky, because enforcers were not exactly determined…

2. A UBI ("Universal Basic Income") card. This will replace your Debit Card (sorry, no more credit cards in the future) and it will be mandatory, even if you are employed, because this card will be your only way to access your CBDC ("Central Bank Digital Currency") that will hold your periodic allotment, assuming the Central AI will find you eligible to receive any. However, the allotment will last only until the end of each month and the remaining balance, in the unlikely case you'll have any, will not roll over in order to save you from the unimaginable crime of hoarding.

The card will be biometric! Your photo will not suffice!

---

3. “Green Card” will be a nicer term for your Carbon Allowance; the wording will be available, because the card for legal immigrants will not be required anymore, because they will be, as they already are, subjected to ALL “vaccinations” all at once. Oops! They already are mandated…
   Depending on your CO2 emission/consumption, you will be allowed to use your UBI card to buy what you will be allowed to buy (you will rent everything, including the fork you will use for eating your crickets). And remember, your balance will not roll over to the next month, because that would, *horribile dictu*, allow you to accumulate “wealth,” which would take you out of control of the technocratic AI.

As there is no "scientific" proof of the catastrophic weather phenomena caused by Geo-engineering, you will have to follow "experts' instructions, in which the table here will not be posted. Experts are also needed for the future "One-World Religion" fashioned after Islam.

---

4. Your Social Credit Score, which will decide how much and what you can purchase. Most of it will be based on your usefulness in the system and on your compliance with your rulers' directives.

You will be richly rewarded for good behavior! You might even get pond-raised (in English: irredeemably toxic) GMO fish once a month! Of course, once your mandate (aka. "usefulness") expires, you'll be recycled, in order make sure even your corpse will not go to waste. Well, that's already happening…

No, I am not daydreaming; it's already happening all over the world.

In Australia, the social credit system has a pilot program:

https://blogs.mercola.com/sites/vitalvotes/archive/2022/08/27/australia-institutes-vaccine-social-credit-system-for-teachers.aspx

Canada is also preparing for introducing the digital ID:

https://slaynews.com/news/canada-partnership-wef-digital-id-program-system/

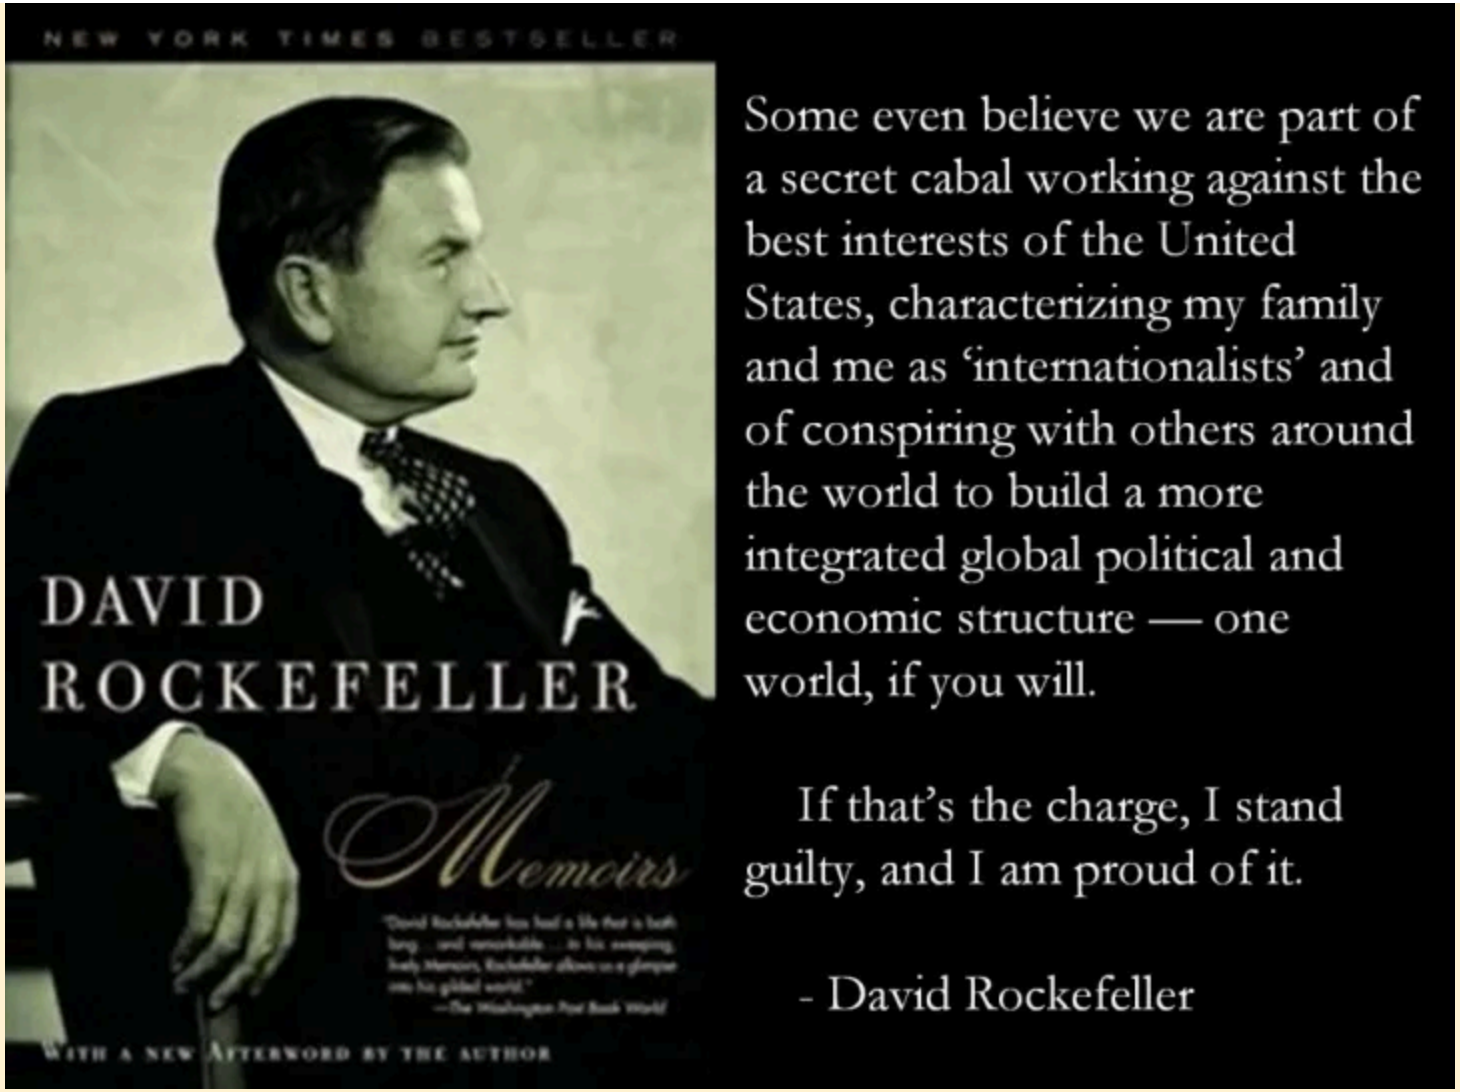
https://thepulse.one/2022/08/24/digital-id-in-canada-is-the-us-next/

Here is something from Pakistan, too (in case you thought converting to Islam might save you):

https://www.activistpost.com/2022/08/pakistani-government-threatens-to-block-digital-ids-to-shut-down-access-to-bank-accounts.html

A pilot program in the US:

https://needtoknow.news/2022/10/the-federal-reserve-announces-major-pilot-exercise-for-esg-social-credit-score-system/



If you don't like the new developments and don't care for any more lethal injections, euthanasia already provides a faster, safer, and more efficient alternative in many places:

Based on permanent mandates and the Central AI's decisions, you will stick around only as long as your 5G-based "Kill Switch" from your compulsory software upgrades from one of your previous "vaccines" is not activated through 5G or even your next-door neighbor's Wi-Fi.

Conclusion:

If there is "credit," there must be a creditor. A creditor can issue a loan only based on intrinsic value. This time, "credit" is supposed to be issued based on assets taken from you by force! After all, you are already a state asset, you just do not know it.

CBDC is only a tool that forces everyone into submission, slavery, and spiritual death before the executions begin!

Somebody is usurping the power to tell you what's good for you, but these monsters care only what they believe is good for them.

In Joseph Conrad's words from The Heart of Darkness,

"The horror, the horror."

***

Hell is a place, where everybody's wishes come true irrespective of the way the affect others.

These monsters have prepared a special hell for you, where it is their wishes that will always come true for you and for them as well.

Their mistake is that they think fulfilling their own wishes effortlessly is going to be good for them! Living in utmost luxury, where all desires are met would destroy anyone, too!

People need to be constantly challenged to stay human!

It's is your turn to take your next step. I know, it's scary:

Nail on the head here--social credit is indeed Hell on Earth but ya got most of the Western world fergettin' what we once had AND that above us (if folks'll just look up) thathaveThe Heavens (the sky, beauty, human creativity--whatever it means to each shining individ'al, all the good stuff). Humans all 'round us are normalizing Hell-on-Earth I see it every day--masks, tracking via smart phones, finkin' on yer neighbors, shunning the unjabbed...all normalized. Slowly some are wakin' up but most don't see it and I DO believe they gotta wake up quickly if we human beans r' gonna have any sense of triumph over this nightmare. For way too many the whole Social Credit scenario is just a "new normal" they're already acclimated to... (semi-luddite here!)

Supplementing this crucial post with a statement and useful links.

Other than getting rid of nuclear weapons which I support 100% the rest of the anti-nuclear peace movement and CLIMATE CRISIS propaganda is parroting UN utter GARBAGE, a complete surrender to the ENSLAVEMENT AGENDA by the diabolical despots of Davos - ruling class criminals who lust for total power and control and all of whom should be tried and jailed for life and their malign organizations dismantled: the UN, the WEF, the IMF, the BIS, NATO, Blackrock, Vanguard, The Rockefellers, the Rothschilds, The Bilderbergers, the CFR et al.

There is an evil predator globalist technocratic elite agenda of eugenics/depopulation/genocide using bioweapon poison jabs, war, geoengineering, EMF radiation, starvation and economic collapse - THE GREAT RESET/AGENDA 2030/4TH INDUSTRIAL REVOLUTION to get rid of billions of 'useless eaters' and to use nano tech to turn the survivors into ROBOTIZED COMPLIANT SLAVES! WAKE UP AND RESIST! DO NOT COMPLY! These are psychopath megalomaniacs who want to play god by turning all life into digitized metaverse mechanistic synthetic biology to be manipulated by their AI algorithms. A more demonic sickening idea is nearly impossible to imagine!

APPALLED AND HORRIFIED AT INSANE TYRANNICAL PROTOCOLS THAT HAVE NOTHING TO DO WITH HEALTH AND EVERYTHING TO DO WITH TOTALITARIAN CONTROL! REVERSE THIS NOW!

MAKE TE WORLD AND AMERICA 2019 AND FREE AGAIN!

NO, I AM NOT AFRAID OF THE MORONIC SCARIANT SHMARIANT MONKEYSHINES!
MAKE YOU READY!
